Figure 6

FIG. 7 is a perspective view of a multi-layered structure 100, showing a top layer 102, a middle layer 104, and a bottom layer 106. The top layer 102 includes a grid-like pattern 25 and a series of parallel lines 26. The middle layer 104 includes a series of parallel lines 30 and a series of parallel lines 40. The bottom layer 106 includes a series of parallel lines 40a and a series of parallel lines 40b. The structure 100 is shown in a perspective view, with the layers 102, 104, and 106 being stacked on top of each other. The grid-like pattern 25 is located on the top surface of the top layer 102. The parallel lines 26 are located on the top surface of the top layer 102. The parallel lines 30 are located on the top surface of the middle layer 104. The parallel lines 40 are located on the top surface of the middle layer 104. The parallel lines 40a are located on the top surface of the bottom layer 106. The parallel lines 40b are located on the top surface of the bottom layer 106.
